## Pouffes

### 1 Cube Pouffe

Designed by Antwerp-based artist Jacques Deneef, the Cube is simplicity at its finest. Comfortable, sturdy and wrapped in Italian velvet (Cinnamon, Sand or Forest), the lightweight pieces add extra seating when needed and stack out of the way when not.

**Materials** High-density foam, Italian velvet

**Dimensions** 40.6 H × 40.6 W × 40.6 D

**Manufacturer** Ethnicraft, [ethnicraft.com](http://ethnicraft.com)

### 2 Kashima Small Ottoman

Newly reissued, Michel Ducaroy's classic Kashima series — known as the “comfortable chesterfield” — is defined by its wavy appearance and quilted surface with button tufting, including the small ottoman, which serves as a cozy perch.

**Materials** Comfort Bultex foam, polyester

**Dimensions** 38.1 H × 78.7 W × 58.4 D

**Manufacturer** Ligne Roset, [ligne-roset.com](http://ligne-roset.com)

### 3 Le Temps de la Communauté

French industrial designer Matali Crasset interpreted the concept of community with a sofa that can be dismantled into individual seats, which can in turn be grouped together to form intimate circles.

**Materials** Expanded polystyrene, polyurethane foam, polyester fibre

**Dimensions** 90 H × 38 W × 87 D (each seat)

**Manufacturer** Campeggi, [campeggidesign.it](http://campeggidesign.it)

### 4 Nawabari Pouffe

Inspired by the Japanese art form of rope binding, architecture firm Bjarke Ingels Group (BIG), led by partner and head of BIG products Jakob Lange, devised the Nawabari collection as soft sculptures with cinched silhouettes, including a flower-shaped pouffe in two sizes.

**Materials** Foam, multiple fabrics

**Dimensions** 43.8 H × 54.6 W × 54.6 D and 43.8 H × 86.3 W × 86.3 D

**Manufacturer** BoConcept, [boconcept.com](http://boconcept.com)
